Chess Club

Why play chess? Here's some great reasons:

- 1) Easy to learn, but hard to master
- 2) Hardly any luck is involved
- 3) Chances of repeating the same game is highly unlikely
- 4) You can play chess anywhere (like here at the Senior Center for example!)
- 5) There is no age, gender, or language barrier
- 6) It's FREE to play here at the Senior Center!
- 7) No need to bring a Chess Set—we have them here
- 8) Our Chess Club meets on Fridays at 10am-12noon and everyone knows Friday is the most awesome day of the week!

So come join us as we match skills and improve our game every single week. We would love to have you! NO sign up required, just show up.

IN NEED OF A HANDYMAN TO FIX A FEW OF THE BACKS OF OUR CHAIRS. I DON'T KNOW WHAT NEEDS TO BE DONE, NOR IF THEY'RE EVEN FIXABLE. BUT IF YOU MIGHT BE WILLING TO TAKE A LOOK AT THEM AND LET ME KNOW, I WOULD MUCH APPRECIATE IT. THANKS!

Who's on the Naughty List?

The Naughty List!

Continuing each month, you're on the naughty list if you haven't had your picture taken. How do you know? You have an asterisk next to your name in your birthday month. It's so easy, just stop at the front desk and let them know you need to get your picture taken for the database. They'll walk you through it! Thanks!

Use it or Lose It

New research on the human brain shows that the brain responds well to the right kind of stimuli (both mental and physical activity). In each issue of the Golden Times (space permitting), I'm going to be sharing some exercises for your brain. I'll also give some tips I encourage you to incorporate them into your daily life and let's keep ourselves as active & healthy as we can!

Right Hand/Left Hand

You will need a piece of paper & 2 pencils. Pick up a pencil in each hand and write your name with both hands at once.

Now write your first name with the left hand and your last name with the right hand. Now trying doing both at the same time.

Now try holding the paper against your forehead and write your first name. Now do it again standing in front of a mirror.

These should give your brain a good workout!
